PRODUCT BENEFITS

RhinoFit's creatine powder is formulated to optimize exercise performance, cognitive function, immune health, and muscle growth.

Our product is synthesized utilizing the latest scientific research and formulated with optimal ratios of collagen peptides to produce world class results.

Our formula is third party independently tested for heavy metals, impurities, made in the USA, GMP certified, and produced in an FDA registered facility. 1% of the supplements on the market can match our world class standards.

- Gluten Free
- Non-GMO
- Zero Added Sugar
- Vegetarian
- Lactose Free

Manufactured at FDA
Registered and GMP Certified Facilities / 3rd Party
Laboratory Tested for Purity, Potency & Quality.

SUGGESTED USAGE

As a dietary supplement, take one (1) scoop with an 8oz glass of water or as directed by your healthcare professional.

KEY INGREDIENTS

- Creatine Monohydrate

Our Formula	Vs other formulas on the market.
1. Uses third party independently tested ingredients that are made in the USA, GMP certified, and made in an FDA registered facility.	1. Source cheap ingredients from heavily polluted soils. Even “organic” supplements not third party tested have been removed by FDA due to high levels of heavy metals.
2. 100% creatine monohydrate powder with no fillers.	2. Uses creatine monohydrate fillers and protein spiking (little amounts of amino acids mixed with fillers).
