Our Formula	Vs Other Formulas on the Market.
1. Uses third-party independently tested ingredients that are made in the USA, GMP certified, and made in an FDA registered facility.	1. Source cheap ingredients from heavily polluted soils. Even “organic” supplements not third-party tested have been removed by FDA due to high levels of heavy metals.
2. Uses high-quality bioavailable whey protein concentrate/isolate.	2. Uses cheap sources of whey protein concentrate/isolate that contain fillers and toxins.
